

## **Registered Nursing, Associate of Science in Nursing, LPN-RN Bridge: Traditional Full-Time (72 Credits)**

### **Guided Pathway: LPN-RN Bridge: Traditional**

For more information, visit [www.fgc.edu](http://www.fgc.edu) or your academic advisor at (386) 754-4222

### **Meta-major: Registered Nursing/Health Sciences**

University Transfer: NA

The Associate in Science Degree (ASDN) LPN-RN Bridge: Traditional Full-Time program is designed to provide the Licensed Practical Nurses (LPN) with the basic knowledge and skills to successfully assess, plan and implement care for patients. Graduates of this program enter a challenging and exciting field with a variety of employment opportunities such as: acute, emergency, critical, home health, maternal and infant care. The LPN-RN Bridge: Traditional Full-Time program is a limited access program, that begins each spring and qualifies the student to take the national licensing exam to become a registered nurse.

Please see the LPN-RN Bridge: Traditional Full-Time application packet on the FGC website that will provide additional information regarding the admission requirements of the program, including a required separate supplemental application. Clinicals are required for this program. Clinicals may not follow regular college schedule, and can include weekdays, evenings or weekends. Students will be required to submit current physical and immunizations. Drug and background screen must be completed and student must be cleared prior to attending clinicals.

Semester by Semester Map for Full-Time Students

### **Semester 1 and 2 (24 semester hours)**

The following pre-requisite courses must be completed with a grade of C or higher prior to program admission: ENC

1101 Freshman English 1, 3 credits
